*We believe they are not mentally disabled, but, differently abled.
They have all the rights to exist and be known as a part of the society.
They need to be accepted and absorbed, giving them a life of dignity, justice & equality.*

Sanjan Home, a facility for the mentally retarded adults is run by Dilkhush Welfare Society, located at Mazda Phase II, near Vairoli Khadi in Sanjan, Timbhi Village, Umbergaon Taluka, District Valsad. Our NGO which was formed in the year 1999 by parents of the differently abled children / adults, has provided a permanent home for the mentally retarded adults whose parents have either passed away or are unable to provide care for the affected adults.

Sanjan Home has done a stellar work in providing care for them and also runs a Day Centre for these individuals from the surrounding city. The Day Care Centre imparts vocational training and guidance to them and assists them in being useful citizens of the society. Sanjan Home is an abode of hope and selfless service from parents coupled with divine grace.
